DOUBLE TRAGEDY IN SCOTT COUNTY

GALESBURG MAN KILLS WIFE BY STABBING AND THEN TAKES OWN LIFE

O. R. Stull Stabs Wife to Death at Home of William Taylor Near Neeleysville-Also Seriously Injures Her Mother and Stepfather.

O. R. Stull of Galesburg stabbed his wife to death about 4 o'clock Wednesday afternoon at the home of William Taylor, two and one-half miles southeast of Neeleysville. Stull was about 41 years old, and his wife about 35 years of age.

He also attempted to take the lives of Mr. and Mrs. White, his wife's mother and stepfather. Stull then stabbed himself over the heart dying almost instantly. The murderer used a French army knife which he secured while in overseas service with the American Expeditionary Forces.

Following the stabbing Dr. C. A. Evans of Bluffs was summoned. Upon his arrival he found Stull and his wife both dead. Mr. and Mrs. White were suffering from knife wounds. Mr. White was stabbed in the chest and back. Owing to his age and the fact that he has been in poor health for some time, his condition is regarded as critical. Mrs. White's wounds are on the arms and are not considered serious.

Examination showed that Mrs. Stull was stabbed and cut in a horrible manner. Her throat was cut and her body and face had twenty-seven distinct wounds. After stabbing his victims Stull stabbed himself over the heart with the knife causing almost instant death.

Had Been Living Apart

It was almost impossible to obtain definite information of the cause of the tragedy Wednesday evening. Mr. and Mrs. Stull have not been living together recently, it was said. About a week ago she came from Galesburg to the home of her sister, Mrs. Taylor, for a visit.

Wednesday afternoon Stull alighted from a train at Neeleysville and walked to the Taylor home. It is presumed that he tried to effect a reconciliation with his wife. Being unable to do so, he attacked her with the knife. It is probable that Mr. and Mrs. White were stabbed while attempting to protect her.

Following the tragedy Coroner Webster of Winchester was notified and went to the Taylor home and held an inquest. The jury returned a verdict to the effect that Mrs. Stull came to her death by knife wounds from a knife in the hands of O. R. Stull and that the latter then died by his own hand.

The affair created great excitement in Bluffs and Neeleysville as Mrs. Stull was well known in that vicinity. Mrs. William Hartnady of Bluffs is also a sister of the dead woman.

MANY ARE NAMED IN INDICTMENTS FOR AUTO STEALING

Allege Thefts Run to Hundreds of Thousands of Dollars

(By The Associated Press)

CHICAGO, June 1.—Nine residents of Kenosha, Wiss., one a deputy sheriff and resident of upper Michigan and other Wisconsin cities were named in a suppressed grand jury indictment returned a week ago, charging the transporting of automobiles frome one state to another in violaion of the law.

The indictments were made public today.

Of the twenty three individulas named in the indictments reurned before Judge K. M. Landis, nine are from Chicago. These are charged with having stolen automobiles valued at hundreds of thousands of dollars and those mentioned as living in Kenosha and other Wisconsin towns are charged with having stolen property in their possession and also with disposing of it.

Some of the Indicted.

Those from Wisconsin named in the indictment are: Albert Brankow, deputy sheriff; Charles Decouty, Frederick Rudy, Huga Lencione, Michael Lencione, Louis Stella and Emil Wamatka.

Among others named are William Dunville, Marinette, Wis.; Charles Meehan and Diago Perzacco, both of Iron Mountain, Michigan.

With the exception of Charles Delongis also of Iron Mountain, Mich., and those from Chicago, the names of the other persons indicted have been suppressed as they are yet to be arrested.

Some of the men, including Deputy Sheriff Brankow, are said to have confessed to agents from the department of justice several weeks ago. Some residing in Chicago told the agents they would steal the automobiles here, drive hem across the state line, repaint the cars in Kenosha and then dispose of them thru representatives of the gang in that city.

CEDAR RAPIDS MAN PREDICTS DAMAGE

Says Capper-Tincher Grain Futures Bill Would Do Grain Trade Unlimited Damage.

(By The Associated Press)

Washington, June 1.—Opposing the Capper-Tincher grain futures trading bill, I. C. Murray of Cedar Rapids, Iowa, told the senate agriculture committee today that unlimited damages could be done to the whole grain trade by the taking away of a given market thru suspension of an exchange as permitted in the bill. He explained that millers often found it necessary to anticipate their future needs and buy on contract for several months ahead.

Mr. Murray asked how the millers could enforce their contracts if all the rules under which the contracts were made were suddenly swept aside.

Chairman Norris said that he thought the courts could enforce the contracts but the witness replied that there would follow expense and litigation, but no grain to keep the mills going.

SUGGEST PLEBISCITE FOR CHILEAN DISTRICTS

Santiago, Chile, June 1.—Suggestions that plebiscite be held in the districts of Tacna and Arica in Northern Chile for the purpose of determining whether they would remain Chilean or would become parts of Peru, was made by President Alessandri in his message to congress today.

He said Chile should consult the people and accept their verdict.

SHARP FIGHT IN SIGHT IN HOUSE ON NAVAL BILL

Promise of Opposition to Senate's Increase of $98,000,000

(By The Associated Press)

WASHINGTON, June 1.—Passage of the naval appropriation bill by the senate today paved the way for what promises to be a sharp contest in conference wih the house over senate increases of $98,000,000 and the Boran amendment authorizing and requesting the president to call a naval disarmament conference of the United States, Great Britain and Japan. House sentiment is understood to oppose the appropriation increase and its leaders have indicaed a desire to include military as well as naval disarmament in a conference of many nations.

The bill carries $496,000,000 as compared with $396,000,000 voted by the house. The senate vote was 54 to 17, the latter including five Republicans and twelve Democrats whose opposition was based principally on the senate increases. Sixteen Democrats joined with thirty eight Republicans in voting for passage.

Only $2,500,000 Reduction.

The economy drive netted a reduction of but $2,500,000—$1,500,000 by elemination of the committee amendment to start a new Pacific Coast naval base at Alemada, Cal., and $1,000,000 lopped from transportation and recruiting funds.

In today's final effort for reductions, a motion to recommit the bill to committee with instructions to cut out $100,000,000 was defeated, 43 to 25. Other amendments to suspend work on new battle cruisers and superdreadnaughts of the 1916 building program were rejected.

The senate retained the committee amendment providing about $40,000,000 additional to maintain an enlisted personnel of the 120,000. The house fixed the personnel at 100,000.

The senate also provided for continuing appropriations of 1918 for the drydock and channel at the Charleston, S. C., navy yard.

Another amendment finally eliminated was that of Senator McKellar, Democrat, Tennessee, authorizing reappointing to the Annapolis Academy of 110 midshipmen who were forced to resign last term because of scholastic deficiencies.

CHURCHES DID NOT ESCAPE GRAFTERS

CHICAGO, June 1.—Churches and synagogues were not immune from the operations of Chicago's alleged building grafters, according to Joseph B. Fleming, counsel for the Dailey commission investigating building graft conditions.

According to information received by Mr. Fleming a business agent compelled a priest to pay several thousand dollars in graft before electrical work was allowed to precede on a new church building. Today more contractors called at Mr. Fleming's office with further data concerning the payment of graft. The erection of business blocks, theatres and hotels figured in these revelations it was said. The special state grand jury today went further into the quiz being conducted in the brickmaking industry. Indictments are said to be expected shortly.

FAIL TO REACH ANY DECISION

Washington, June 1.—House Republicans after heated discussion in conference tonight adjourned without reaching an agreement on the course to be followed on the Longworth resolution, which would make effective upon their introduction in the house all rates carried in the general tariff bill now in preparation. No date was set for further discussion.

CLOTHING STRIKE HAS BEEN SETTLED

New York, June 1.—The clothing strike which has involved approximately 65,000 men and women workers since last December was settled tonight on a basis of a fifteen percent wage reduction and an agreement as to a union policy and an impartial board of arbitration.

BELIEVED ONE HUNDRED DEAD IN TULSA RIOT

Property Damage Estimated at $1,500,000 Following Disorders

(By The Associated Press)

BULLETIN

TULSA, Okla., June 1.—Gov. J. B. A. Robertson of Oklahoma arrived tonight to make a personal investigation of the race riots. The governor refused to make any statement other than to say that he was investigating, but said a statement would be forthcoming tomorrow.

TULSA, Okla., June 1.—Possibly 100 persons dead, hundreds wounded and property damage estimated at $1,500,000 were outstanding results tonight of race disorders which broke out last night following the arrest of a negro accused of attacking a white girl and which continued sporadically thruout today.

This evening Tulsa was quiet, with the city under martial law and its streets patrolled by troops of the Oklahoma National Guard.

Officials were hopeful that the worst of the trouble had passed and that the coming of dawn would find normal conditions restored. However, they did not relax their vigilance and it was said that everything was in readiness to handle a grave situation should one arise again. Civil officials are cooperating with Adjutant General Barrett who came here this morning with additional troops. No accurate check of the dead had been made at a late hour and unofficial estimates ran from the known list of ten whites and 70 negroes dead to an opinion of Police Inspector Daley, second in command of the police force that the list would reach 175 dead.

The exact total officers said, would probably never be known as a number of negroes perished in the flames, which consumed the entire negro district which formerly housed about 13,000 negroes. A few feeble flames light sections of the burned waste tonight while a few walls standing seemingly without support, rise against a background of smoldering debris.

Thousands of the negroes and their families, however, fled the city and it is reported some have taken refuge in Bartlesville, Okla.

"We have the situation well under control," Adjutant General Barrett said tonight.

Must Care For Refugees

Adjutant General Barrett told the military commission tonight that preparations must be made to feed and provide shelter for the refugees for at least a week or ten days and "not just today or tomorrow."

From shortly before ten o'clock last night when the first firing began near the court house until late this morning the city presented a scene of wild disorder. Hundreds of automobiles bearing armed white men raced about the business district.

The heaviest fighting took place between midnight and six o'clock when several pitched battles with hundreds on each side were engaged about the negro quarter. One of the hottest engagements took place in a negro church where about fifty negroes had barricaded themselves prepared to resist the onslaught of the white crowds. Several massed attacks were launched against the church but each time the attackers had to fall back under the fire of the negro defenders. Finally a torch was applied to the building and the occupants began to pour out, firing as they ran. Several were killed.

Large white crowds invaded the negro district shooting their way thru.

Some time after midnight the negro district was fired and at dawn it lay a seething mass of ruins. The white invaders apparently were supplied with inflammables and planned their work of burning.

Officials estimate that more than 25 separate fires were set.

INVESTIGATION OF BOMB EXPLOSION IS ORDERED BY WEEKS

Probe Will Begin at Once and Be Conducted by Wainwright

(By The Associated Press)

WASHINGTON, June 1.—Investigation of the circumstances surrounding the bomb explosion yesterday at Abedeen, Md., proving grounds, which resulted in the death of five prsons and injury of 10 others, was directed by Secretary Weeks today in orders to Inspector General Chamberlain.

The probe will begin immediately as will one to be conducted by J. M. Wainwright, assistant secretary of war. Mr. Wainwright left today for Abedeen to collect evidence. Previously General Williams chief of ordinance had dispatcred Major William A. Borden and Captain C. H. M. Roberts to the scne to make an investigation and the commanding offcer at Aberdeen had appointed a local board for the same purpose.

Major Borden brought the details of the dis ster in an oral report to General Williams. While he did not attend officially to fix the responsibility, he advanced a theory. The facts upon which he based his conclusions are regarded by ordnance experts as exceptional.

"The plane had been loaded with four bombs," Major Borden said. "That on rack No. 1, at the righth hand had dropped from the rack once. An examination showed no apparent defect and the bomb was replaced, when it dropped a second time.

Started Bomb Propellor

"Meanwhile the motor had been started and the airplane was being turned around. The blast from the propellor of the machine started the propellor on the bomb revolving. A certain number of revolutions of the bomb's propellor releases a striking rod or plunger. The propeller had apparently turned that point when the tail skid—a piece of metal attached to the tail of the airplane swung around and struck the propelier on the bomb.

"The blow evidently was all that was required to drive the plunger into the percusion cap attached to the fuse. The propeller had apparently turned to a point whre the blow would have released the plunger. The explosion followed.

Safety devices on the other three bombs prevented their discharge in the opinion of Major Borden altho they were within fifteen feet of the explosion.

PRESIDENT ISSUES EXECUTIVE ORDER

Transfers Naval Oil Reserves from Navy Department to Jurisdiction of Interior Department.

(By The Associated Press)

Washington, June 1.—President Harding today signed an executive order transferring the naval oil reserves from the jurisdiction of the navy department to the interior department. Two reserves are located in California, one in Wyoming and one each in Colorado and Utah.

The action was characterized in an announcement at the navy department as the "first of the big changes in the administration's policy of coordinating the work of the various departments."

The order effective at once stipulates that "no general policy as to drilling and reserving oil located in a naval reserve shall be changed or adopted except upon consultation and cooperation with the secretary or acting secretary of the navy.

The action transfers to Secretary Fall the leasing of drilling rights in naval oil reserve No. 1 in California, the only naval reserve opened to drilling in any way.

BOY CONFESSES TO MANY ROBBERIES

(By The Associated Press)

MILWAUKEE, Wis., June 1.—The story of a 19 year old pirate who passed up and down the Milwaukee river and along the shore of Lake Michigan, striping motor boats and robbing cottages, was told in municipal court today when Judge Backus sentenced Anton Piechnick to three years at the Grand Bay reformatory after he pleaded guilty to grand larceny. Alleged stolen articles, valued at several hundred dollars were recovered when Piechnick's shack on the river was raided by a policeman.

ILLINOIS HOUSE IN ALL DAY WRANGLE OVER PROHIBITION

All Amendments, Humorous and Otherwise Voted Down

(By The Associated Press)

SPRINGFIELD, Ill., June 1.—Illinois' driest of prohibition measures, patterened after the Volstead act, with extra dry provisions, weathered a stormy session and late today was sent up for final action by the house of repesentatives. All efforts to amend the bill were defeated but on no roll call were the dry forces able to muster 77 votes, the constitutioonal majority required for adopion of the bill. The high mark was reached when wets and drys tied at 73 votes for and 57 against attaching a referendum clause to the bill.

The final vote on the amendment came after an uproar over alleged violations of house rules by F. Scott McBride, state superintendent of the Anti-Saloon League.

Led by Represenative Tice of Greenview the drys gathered together 72 votes to beat the 56 for Represenatative Baldwin's amendment to permit physicians to prescribe light wines and beer for patients.

Several Amendments Defeated

After all proposed amendments had been defeated several humorous amendments were offered and voted down.

Following advancement of the prohibition bill the house killed Representative C. H. Francis bill to set aside January 16 as a day for celebration in the public schools over adoption of the eighteenth amendment to the federal constituion.

In the wake of the Francis' bill Representative Weiss' bill to require all establishments selling soft drinks to remove all obstructions to a clear view of the interiors from ouside went down to defeat.

Just before adjournment over night the house advanced the Thompson "people's" ownership transportation bill authorizing the establishment of transportation district. The bill was sent up to third reading without debate.

While he house was engaged in its all day battle over the prohibition bill the senate passed the Boehm resolution requesting congress to amend the Volstead act so that rulings of federal prohibition enforcement officials shall in no manner change any of the provisions of the act and also so "the sale of liquors for medicinal purposes will not permite evasion of the law and grafting by dishonest druggists and physicians."

Senator Boehm who introduced the resolution is a Chicago druggist.

NO RESERVE OF OLD WHEAT IN COUNTRY

Winter Crop Shrinks Probably 33,000,000 Bushels — July Delivery Make Skyrocket Flight.

(By The Associated Press)

Chicago, June 1.—With next to no reserve of old wheat left in the United States' visible suply, wheat traders grappled today with an authoritative showing that the size of the new winter crop has shriveled 29,000,000 bushels, or perhaps 33,000,000 bushels, during the last month. Largely as a result, the price of the July delivery of wheat made a skyrocket flight today, surpassing any previous quotation for July this season.

The acme for the day was reached at $1.37 1-2, just nine cents a bushel above yesterday's closing figure.

Exporters and millers gave signs of concern as to the apparent curtailment of production. The crop damage indicated, chiefly in the southwest, has been due to a great degree of abnormal weather.

HAVE WINTER COATS MADE TO ORDER

Chicago, June 1.—Contrary to popular belief, farmers have their winter coats made to order, it was declared at the annual meeting of the National Association of Custim Tanners today. More farmers than ever will wear custom made coats of cattle or horsehide it was declared. St. Clair Ede of Dubuque, Iowa, presided.

BOY GUN TOTER FINED FIFTY DOLLERS; FAINTS

Chicago, June 1.—For carrying toy water pistols "for their protection" George Paluck, 19, and Dennis McCabe, 24, were fined $50 and costs by Judge McKinely in the boys court today. When the fine was imposed Paluck fainted.

HARDING DOES SOME INVESTIGATING IN PERSON WEDNESDAY

Asks Commission What is Being Done Looking Toward Revision of Freight Rates on Necessities—Says That He Has Received Many Reports of Dire Distress from West

(By The Associated Press)

WASHINGTON, June 1.—While railroad executives were pressing before congress today their plea for relief from financial embarrassments, President Harding took direct action to satisfy himself that a revision of freight rates, particularly on necessities, will be a part of the general railway readjustment.

Walking unannounced into the offices of the interstate commerce commission the president inquired of the commissioners what they were doing toward the relief of shippers who had found some of the present rates unreasonably burdensome. He was assured that the subject was under investigation and that the commission hoped soon to effect broad revisions thru the voluntary action of the roads. The hauling charges for fruit products over western roads were made a specific example by Mr. Harding by pressing his inquiries.

He told the members of the commission he had received many reports of dire distress among the western fruit growers.

Want Government to Pay.

Altho it was indicated that the quesion of rates prompted the president's call it was assumed that during the half hour conference there also was some mention of the road's proposal that the government discharge at once its debt to them growing out of federal control. This proposal was renewed before the senate interstate commerc commission by Samuel eRa, president of the Pennslyvania lines who agreed that such action would be no more than keeping the word of the government given at the time the roads were taken over.

The suggestion is known to have reecived careful consideration by the president and his advisers.

In visiting the interstate commerce commission, Mr. Harding technically was dealing with a part of the government entirely outside the executive branch, and he assured the commissioners that he had come simply in the interest of co-operation and general welfare.

Since he had the official right to communicate with congress regarding rates, he explained, he felt that he might enjoy the same privilege in regard to the commission set up as the agent of congress in the making of rates.

Before the senate interestate commerce commission, Mr. Rea, repeated his statement of yesterday that the government was in duty bound to return the roads to their owners in as good condition as when they were taken over and declared the president had power to carry out the road's rehabilitation proposal and put railway finances on a sound foundation without further legislation by congress.

NO CHANCE FOR THE AILING TO GET THEIR BEER

Ask Passage of Bill to Prevent Prescribing of Beer

(By The Associated Press)

WASHINGTON, June 1.—The Volstead bill, designed to prevent the use of medicinal beer was agreed upon today by the house judiciary committee which will report it to the house probably tomorrow with a request for its immediae passage.

Prohibition leaders declared there were votes enough to put put it thrue before the bureau of internal revenue could make effective proposed regulations by which beer could be prescribed for the ailing.

Reprsentatives of the drug and flavoring extract trades won their fight against a section requiring the medicating or denaturing of alcohol prior to its withdrawal from warehouses and distilleries for manufacturing purposes. These and other trades declared such restrictions would work a hardship on legitimate industries.

Chairman Volstead introduced a redraft of his bill slightly modified in some particulars. The section prohibiting importation and manufacture of liquor until the stocks now held under government supervision have been materially reduced or exhausted, was retained.

The redrafted measure, while placing certain restrictions around the use of wines in medicines did not include the original provision which would have outlawed wine as a medicine along with beer. It provides for the limitation of alcohol withdrawals for medicines and gives the commissioner authority if he finds that any preparation is being used as a beverage to require a change of formula so it would be made unfit for drinking.

The section relating to doctors, virtually re-written follows:

"No physician shall prescribe nor shall any person sell or furnish on any prescription, any vinous liquor that contains more than 24 percentum of alcohol by volume, nor shall any one prescribe or sell or furnish on any prescription more than one fourth of one gallon of vinous or any liquor that contains more than one half pint of alcohol for use by any person within any period of ten days.

"No physician shall be furnished with more than one hundred prescription blanks for use in any period of ninety days, nor shall any physician issue more than that number of prescriptions within any such period unless on application there he shall make it clearly apparent to the commissioner that for some extraordinary reason a larger number is necessary, whereupon the necessary additional blanks may be furnished him."

The state senate has approved a bill fixing the penalty for robbery at the point of a revolver at life imprisonment or death, and with a minimum sentence of 14 years. Vigorous enforcement of such a law will make banditry very much less of a papular sport.

While the solons are busy on such subjects, why not provide for a greater minimum of imprisonment for those who are guilty of manslaughter?

Thomas Mott Osborne, famous for his record at Sing Sing in New York, has been asked by the governor of Missouri to inspect the penitentiary in that state. He is expected to make suggestions for the better operation of that institution. Inviting such an authority as Mr. Osborne indicates a real desire on the part of the Missouri governor to better conditions in the Missouri penitentiary if there are features there that need attention.

So many carloads of potatoes have been dumped on the Chicago market recently that they have sold as low as 30c a bushel. This fact quite naturally has caused the St. Louis Globe Democrat to wonder why a few cents cannot be taken from the $2.40 per bushel retail price in effect in the Missouri city.

The city of Decatur is now using an average of 13,000,000 gallons of water a day and two-thirds of that amount is consumed by the Staley factory. Twenty years ago Decatur was not very much larger than Jacksonville With the right kind of enthusiasm and the united effort which is possible thru re-organized Chamber of Commerce, there is no telling what the water demand may be in Jacksonville in 1941.

A famous roof garden in New York City has closed with the announcement that prohibition did it. On the other hand, a great hotel in an eastern city recently announced that it was making considerably more money thru the candy room which supplanted its bar than it had when liquors passed freely over the counter. It is true that conditions resulting from prohibition vary but many a man who thought he was financially ruined when the amendment went into effect has found just the opposite and that a new kind of prosperity has come to him.

If the election forecasts issued by Justice Thompson's managers are correct it is not much use holding the election next Tuesday so far as Judge Chiperfield is concerned. However, it is just as well to remember that election forecasts are made up in accordance with the wishes of those who issue them. Last November members of the Democratic national committee had the temerity to predict the election of Mr. Cox and there were forecasters in this state who told you in advance all about the defeat of Gov. Small.

But the pre-election figures did not interfere at all with the Republican landslide and Mr. Chip erfield and his supporters are not at all worried about the results next Monday. It all depends on the interest shown. A representative vote will mean the elevation of the Canton man to the supreme court bench.

THE MEMORIAL BUILDING PLAN.

Ex-service men and their friends have caused to be submitted to the people of Morgan county the question of levying tax for the erection of a memorial building. The proposal is one that should have the support of the people of this county. Hundreds of young men from Morgan county had part in the world war. Many of them sleep today in soldier's graves. But there is practically the same obligation to the living ex-service men as to those who made the supreme sacrifice. The memorial plan will do honor to the memory of those who have gone and will be a fitting recognition of the services of those who still remain.

The memorial plan contemplates a community building which will be of use and value in the near years and thru a long period. It would have been an easy matter to provide a tax levy for a memorial building just at the close of the war, when all people were deeply impressed with their indebtedness to the service men. That debt is just as great today, and the passage of two or three years' time should not be allowed to blunt that feeling of obligation.

ANNOUNCEMENT PARTY GIVEN AT BLUFFS

Approaching Marriage of Miss Zoe Fitzpatrick and Roy H. Beird is Announced at "Happiness Tea" Given at Bingham Home.

Bluffs, June 1.—Mrs. J. M. Bingham assisted by Mesdames E. D. Beird and O. A. Woodson entertained fourteen guests at her home Saturday afternoon at a "Happiness Tea" in honor of her niece, Miss Zoe Fitzpatrick whose engagement to Roy H. Beird was announced, the wedding to take place in June. Upon the arrival of the guests, little Bobbie Bingham, cousin of the bride-to-be presented each with a piece of pie to be in tune for the afternoon The pie was a make-believe one with four and ten blue birds, each blue bird carrying the news of the announcement. The color scheme of pink and blue was carried out in detail and festoons of pink with blue birds of various shapes and sizes were everywhere. The dining table with a centerpiece of pink carnations on whose petals rested tiny blue birds presented a very picturesque appearance when an indirect light of a beautiful shade of blue was thrown upon the scene. Covers were laid for fourteen and the favors were tiny baskets filled with forget-me-nots upon the handles of which were perched tiny blue birds. The place cards were [illegible] and contained hearts and forget-me-nots. Each guest responded to a toast on various thoughts on "wedded life," "The Home Beautiful," etc.

An elaborate three-course luncheon was served by the hostess assisted by Mrs. O. A. Woodson. The affair was not only the leading social event for May but was also one long to be remembered by those present.

FUNERAL OF WITE HALL BENEFACTRESS

Impressive Funeral Services Held Tuesday Afternoon for Late Mrs. Seth N. Griswold—All Business in City Suspended During Funeral Hour.

White Hall, June 1.—Funeral services for the late Mrs. Seth N. Griswold were held at the family home here at 2:30 o'clock Tuesday afternoon. The services were in charge of Rev. Arthur Frederick Ewert of Chicago, formerly of White Hall. The home was completely filled with friends and relatives of the deceased, who thus sought to pay honor to the memory of one who thru the years has endeared herself to the entire community by her acts of beneficence and charity.

As a mark of respect for the deceased all business in the city was suspended during the funeral hour.

Mrs. Griswold's maiden name was Ettie Whiteside, daughter of Judge L. B., and Jane Smith Whiteside, and she was born at Patterson September 17th, 1849.

She was only eleven years of age when the family came to White Hall in 1869, and here she has continuously resided since. On December 11th, 1871, she and Seth N. Griswold were married and he survives. Her father died in April, 1896, and her mother in January, 1904. The only other child in her father's family was a sister of our subject, Miss Cordelia, who died at the age of 10 years, before the family came to White Hall. There are no near surviving relatives.

Mrs. Griswold was active in women's club work. At the time of her death she was a member of the Round Table and the Domestic Science Association. In past years she had been identified with nearly every woman's club and nearly every movement among the women in the community. She developed a high sense of the civic duty of those who possess the wealth to do things that contribute so much to the happiness and well-being of all the people of the community. She and her husband conciled much over the most effective course to pursue, and in 1907 they announced their intention to provide a park. From a small beginning at that time has grown the present Whiteside Park in the center of the city as a gift from Mr. and Mrs. Griswold.

Two years ago plans were under way for the erection of a community building in the center of the park and Mr. and Mrs. Griswold offered to provide a large portion of the cost if provision was made by taxation for the maintenance of the building. But thru various causes this question was not submitted. The same generous spirit actuated Mrs. Griswold and her husband in offering certain properties on North Main street for public playgrounds or similar purposes, but no public body acted in the matter. However, in one way or another the public benefactions of Mrs. Griswold are estimated as at least $20,000, and her private benefactions are far in excess of that amount.

White Hall residents are confident that Mrs. Griswold, who loved White Hall so well, has no doubt made some provisions for further expenditure of money in enterprises thru which both the old and the young of he city may profit.

Mrs. Griswold was not a member of any organization, but she accomplised individually what may strong organizations have attempted and failed to do, because she not only had the means to do things, but she had the vision, and her guiding sentiment was "Take care of the peope's leisure and you take care of the people."

I. W. C. Alumnae Dinner will be served at Centenary church Monday, June 6th, at 5:30. Resident members will please make reservations before Saturday morning by calling Miss Ruth Taylor 1145 or Rialto Theatre 1694, or securing tickets at Gilbert's Pharmacy or Rialto Theatre.

H. K. CHENOWETH IS OPERA HOUSE TRUSTEE

Appointed Receiver in Foreclosure Proceedings—Three Mortgages on the Property.

In the present term of the circuit court foreclosure proceedings were brought by John Anderson against John Frank et al. This preceding involved the opera house property and the evidence was taken before Master in Chancery Henry English. Yesterday H. K. Chenoweth was appointed receiver and will manage the properties during the 15 months redemption period.

Mr. Anderson's claim against the property under his mortgage now amounts to $32,812.10. His is a third mortgage on the property the two others being C. F. Appleyard, Springfield, amount of indebtedness $25,595.56; and A. A. Curry, Jacksonville, amount of indebtedness, $18,214.88.

Mr. Anderson while the owner of the property gave the Appleyard and Curry mortgages and later sold the property to John Frank, taking a third mortgage as a part of the obligation. The relationship between the mortgages is such that all become due thru these foreclosure proceedings. The total amount of the mortgage indebtedness as indicated above is $76,622.54.

Mr. Chenoweth said yesterday that he had not yet determined as to what disposition will be made of the property during the 15 months period but it is of course his desire to handle it in a way to make as large an earning as possible for all of the interested parties.

A DELIGHTFUL FAMILY GATHERING

The venerable Mr. and Mrs. Harrison Hines of Los Angeles, California, are visiting their daughter, Mrs. Walter Buck and family of Beardstown. Mrs. Bird Miller of Laramie, Wyoming, a sister of Mrs. Buck, is also there and all visited the city yesterday. Mr. Hines is a worthy veteran of the civil war and highly estimable gentleman. He lived in this state the greater part of his life but has been in the metropolis of California a year or more and will probably end his days there.

A REMARKABLE CHAIN

Milton Black of this city has a watch fob chain which is a valuable article to the one interested in Egyptian mythology. The chain consists of two large flat links, two triangular and a circle, also one flat piece of metal. Engraved on each of the links are emblems and symbols of Egyptian deities and various other articles so well known to those interested in such things. He found the chain some time since but had no idea of its value until it was pointed out to him.

We Are Here To Give Every Man Summer Comfort

HOW?

By Making Him a Two Piece Suit of

Poruscloth

Palm Beach or Tropical Worsted

—Why swelter the hot days of summer? Why be miserable during the warm evenings and feel that you'll be just too utterly uncomfortable if you stray off the porch down town to enjoy the movies, the park, or an hour or so at the home of a friend?

—Get a cool summer suit.

—Have us make it from the material you'll select so that you will have a suit that not only is the last word in real comfort, but will hold its shape, and be suitable for any occasion during hot weather.

—Don't you feel sorry for the man you see all wrapped up in a heavy wool suit on a hot day?

—Here's a thought! The Expense. These hot weather suits will cost you but little and will last for several seasons. Lay aside your heavier suits. You'll be money ahead—way ahead, i nthe long run.

—Don't delay another day.

—Get yours now.

—It's here.

WOMAN SICK FOUR YEARS

Was Finally Made Well by Lydia E. Pinkham's Vegetable Compound

Stecna, Miss.—"I was all run down and nervous with female trouble and my sides pained me so at times that I could hardly walk. I suffered for four years with it. Then I saw your advertisement in the papers and I began taking Lydia E. Pinkham's Vegetable Compound. I feel stronger and am able to do most of my housework now. I recommend your Vegetable Compound to my friends and you may use this letter if you care to do so."—Mrs. W. H. BLAKE, Route 1, Steena, Miss.

How many women, overworked, tired and ailing, keep up the ceaseless treadmill of their daily duties until they are afflicted with female troubles as Mrs. Blake was, and are run down, weak and nervous. But every such woman should be convinced by the many letters like the one which we are continually publishing, proving beyond question that Lydia E. Pinkham's Vegetable Compound will overcome such troubles, and write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., in regard to their health.

NO MORE MUNICIPAL HEATING IN WHITE HALL

System is said to be a Thing of the Past in Greene County City —Dr. J. M. Beadles in Stirring Addresses—Other White Hall News.

White Hall, May 31. — Word reached here Monday that Mrs. Mayme Higbee of Tottenville, N. Y., had been attacked by apoplexy, and was in a serious condition. Mrs. Annie Higbee departed at once for New York. The afflicted woman is 70 years of age. The latter Mrs. Higbee makes her home in St. Louis, but was here on one of her frequent visits.

The municipal heating system is evidently a thing of the past. Since the close of the season early in May there has been a move on part of some the the patrons to provide individual heating systems in homes, which is evidence that no further effort will be made to operate the system. The heating system was originally part of the electric system, and when the electric system was taken over by the Central Illinois Public Service company the heating business went with it.

Under the original arrange- arrangement steam heat was supplied by the exhaust steam at the sewer pipe plant, but when the C. I. P. S. company got it they were compelled to provide steam direct from a boiler house adjoining their substation. This became such an expensive operation that the company has tried every means to get from under the heating business. Last year the patrons and the company came to terms whereby the patrons took operation and complete custody of the heating system for the consideration of one dollar, in return for which dollar investment the company placed the plant in good operating condition for the winter just closed.

It is said that at one time the company offered the patrons a cash gift of $5,000 if the patrons would take the heating system off their hands. The service during the past winter has been under the management of W. A. Winn on behalf of the patrons. While Mr. Winn does not speak officially or otherwise, it is stated on other authority that the condition of the heating mains and the high expense of furnishing direct steam will probaly cause the heating system to be abandoned entirely ere another winter sets in unless the weather clerk can assure another as mild winter as last, which can't be done.

Dr. J. M. Beadles was heard in two great addresse Monday—the Decoration Day addres in the afternoon and the commencement address at night. In connection with the decoration exercises another notable feature was the recital of Lincoln's Gettysburg address by Stanley Thomas, the sophomore high school orator, who spoke in fine voice and manner. Dr. Beadles is one of the great platform men in the country, and it was a rare privilege that he was at home at a time when he could talk to the people on this great day. He stated that he had the privilege a few years ago to address an audience of 50,000 in Union cemetery at Los Angeles on Decoration Day, and that he was now facing comparatively few in numbers, but that he felt the greater impulse and interest in this smaller audience because "this is home." His commencement address at night followed the theme, "The Lure of Life." Dr. Beadles is the type of evangelist who is gentlemanly and polished. He never attacks any one from the pulpit or platform, preferring that his own acts and doings serve to attract the wayward without the critical rant that is too much the stock in trade of the evangelistic profession.

Dr. Beadles admits that he does not agree with many people in their forms of pleasure and recreation, but that is not a matter of personal antagonism, and the engendering of personal antagonism is out of place in the pulpit at least. He says he says he does not expect or wish everybody to be like him, for that would mean too many Beadles in this country.

It is not unlikely that a get-together meeting of the White Hall Manufacturers and business people will be brought about at an early date.

Vernon Price underwent an operation in a Springfield hospital Monday, and at this time he is making good progress toward recovery.

Mrs. Anna Brockell, aged 94 years, died at 1:20 o'clock this morning at the home of her son, Mark Printy, with whom she had resided for the past sixteen years. She was born March 24th, 1827, at Shreveport, Ohio. She has a daughter in Philadelphia and a son in St. Louis, and had been making her home among her children for a great many years. Funeral services will be held in the Printy home at 10 o'clock a. m. Thursday, conducted by Rev. O. A. Carmean, pastor of the First Baptist church, and the burial will be in the White Hall cemetery. She is survived by several grandchildren, including the children of J. O. Cantrel, local manager of the Central Illinois Public Service company. She was a member of the Christian church.

MISS HESTER DEITRICK BRIDE OF C. O. NICKEL

Prominent Young People of Concord United in Marriage at Pretty Home Wedding Wednesday Evening—Will Reside on Farm Near Concord.

The marriage of Miss Hester Reitrick and Clarence O. Nickel which was solemnized Wednesday evening, united two of Morgan county's most prominent families. The ceremony was solemnized at the home of the bride's parents, Mr. and Mrs. George Deitrick. It was one of the most beautiful weddings of the season, yet simplicity prevailed in all its appointments. The spacious home was artistically decorated with American beauty and Dorothy Perkins roses.

After a musical program, Miss Ester Nickel, a sister of the groom, began the strains of the wedding march from Lohengrin and then the bridal party appeared. First came Mount Brown who carried the ring in a huge pink rose; following came little Miss Hazel Rentschler, flower girl, scattering rose petals in the bride's path. Preceding the bride was the maid of honor, Miss Sara Deitrick, her sister. They were met at the altar by the groom and best man, Mr. Roy Nickel, brother of the groom. The Rev. J. L. Wallace, pastor of the M. P. church of Concord, officiated, the ring ceremony being used. The vows were said before a bank of ferns, white jessamine and roses.

The bride is the elder daughter of Mr. and Mrs. George Deitrick. She began her education in the schools of Morgan county and later was a student of Illinois Woman's college for three years. She is a member of the M. P. church of Concord and is prominent in church and social work in her community and by her genial manner has endeared herself to a host of friends. Mr. Nickel is the elder son of Mr. and Mrs. F. C. Nickel and has always lived in the Concord community. He also is a member of the M. P. church and has been an active worker for all its interests. During the late war he served in the ordnance department at Camp Hancock, Ga., and previous to this service was a student at Bradly Polytechnic school. He is a young man of sterling character and integrity and is now in the business of farming.

The bride was charmingly gowned in white crepe meteor, trimmed with irridescent beads. She wore a veil caught up with orange blossoms. Her only ornament was a pearl necklace, the gift of the groom and she carried a shower bouquet of bride's roses.

Miss Sara Deitrick wore a pink organdy and carried Russell roses. Little Miss Rentschler wore white organdy.

Following the congratulations a delicious wedding super was served by the Colonial Inn.

After a motor trip to northern points, the newlyweds will be at home to their friends on a farm a few miles north of Concord.

Among the out of town guests were Mr. and Mrs. Henry Rentschler of Chicago.

C. OF C. MEMBERS WILL MEET TONIGHT

Meeting Called for Consideration of Constitution and By-Laws

Members of the Jacksonville Chamber of Commerce are to meet at the court house tonight to take action with reference to constitution and by-laws of the organization and to attend to other matters of business. A committee including Judge H. P. Samuell, Dr. A. L. Adams, Henry Frisch, M. A. Hulett and C. J. Buhrer was in conference with C. F. Henley, field secretary of the American City Bureau, with reference to constitution and by-laws and recommendations will be made tonight for consideration of the members.

ANNUAL FEDERATION PICNIC TO BE HELD

The annual picnic and program of the Federated Woman's Clubs of Morgan county will be held today at Oak Lawn sanitarium as planned unless the weather prevents, in which event it will be held in the basement of Grace Methodist church, according to a statement made last evening by Mrs. A. L. Adams.

No transportation is furnished by the clubs but everyone is expected to be on hand at 11 o'clock, the time when the program is scheduled to begin. Club members and others who are interested are invited to attend.

The program will be in charge of Mrs. A. L. Adams, Mrs. L. B. Turner and Mrs. Ben Lurton.

The domestic committee of the Federation, with Mrs. Al. Curry as chairman, will serve a cafeteria luncheon at 12:30. The menu will consist of meat sandwiches, nut bread sandwiches with sweet filling, potato chips, combination salad, ice cream, angel food and devil's food cake and coffee. Each one attending the picnic is expected to provide one item on the menu.

TWO ARE KILLED BY LIGHTNING

BLOOMINGTON, Ill., June 1—Harry Irish, aged 38, was instantly killed by lightning while milking his cow in a barn on his farm three miles south of Atlanta, in Logan county. Another man, Theodore Griffin, who was with him in the barn, was only slightly stunned. The barn was not damaged but the same bolt set fire to another shed 200 feet away.

Bloomington, Ill., June 1. — John Tozer, aged 60, was instantly killed by lightning while working in his garden at Petersburg this afternoon.

SHOULD USE MORE MILK IN UNITED STATES

New York, June 1.—Consumption of milk in the United States is less than half a pint per capita daily, whereas it should be a quart, the American Jersey Cattle club was told at its annual meeting today by Hugh C. Van Pelt of Waterloo, Iowa.

Advocating a better breed of cattle and the wider use of milk, President M. D. Munn of St. Paul submitted department of agriculture figures compiled from an examination of 23,000,000 dairy cows in the United States showing an average production of 151 pounds of butter fat annually from inferior stock, as against 500 pounds from pure bred Jersey cattle.

MAIL ROBBER IS SENTENCED

San Francisco, June 1.—Roy Gardner pleaded guilty in federal court today to a charge he robbed the mail car of the Pacific Limited train of the Southern Pacific Lines near New Castle on the night of May 13. He was sentenced to serve 25 years in McNeal's Island prison. Authorities say he has confessed to a robbery at Centerville, Iowa. Gardner told the United States guard he would try once more to escape from his guards on the way to prison.

Gardner escaped his guards a year ago.

BUSINESS OUTLOOK MORE FAVORABLE AT THE PRESENT TIME

No Prospect, However, of Immediate Sharp Improvement

WASHINGTON, D. C., June 1. — While a definite turn for the better has been taken apparently by some industries and the business outlook for the season continues generally more favorable, there is but little prospect of an immediate sharp improvement of conditions, the federal reserve board declared tonight in its review of the financial and economic situation thruout the country during May.

Recovery in production and distribution has seen progress the board said but slowly and greatly retarded. The more hopeful attitude of business men recently has continued and is preparing the way for active development in some industries it added.

Financially the month was one one of increasing strength and of more prosperous outlook the board asserted. In various sections, it was explained there has been an easing of the demand for funds resulting in part from acceptance of lower price levels and partially from the adjustment of business to new conditions. Irregularity and lack of uniformity still exists to a market degree in the retail price field, it was observed. Serious obstacles to the final adjustment of wages was forecast unless retail prices move much faster to their final basis.

Adjustment Is Difficult.

Adjustment between wages and prices, especially retail prices is exhibiting special difficulties, the board maintained, while readjustment in wages has been slow.

Unstability of wholesale prices the board asserted was retarding buying for future delivery in many lines both in industries where recovery was in progress and in those still declining.

Foreign trade was described as still arrested or depressed, its movement continuing toward a more nearly equal balance of imports and exports.

Unemployment was on the increase in May the board reported despite the anticipated improvement in the labor market due to the opening of spring agricultural activities. However, it added voluntary unemployment, has been considerably augmented as a result of increasing labor difficulties accompanying wage reductions.

Agriculturally, the board declared, the situation may be characterized as unfavorable and backward. The wet, cold weather of May, it explained, interferred with crop development and did great damage in certain sections. The fruit crop over wide areas has suffered severely, it reported.

SEVEN PLEDGES WERE INITIATED

Seven pledges to the Osage, the senior society of Illinois college were initiated into the society last evening at a banquet held at the Peacock Inn.

The men were first called upon to take the pledge and become members of the society, following which, the banquet was served. The chairman was Worthington Adams. President C. H. Rammelkamp and Dr. F. S. Hayden, honorary members of the society, were present.

The members of the class of 1922 who were initiated last night were: B. O. Cully, Carlyle Antrobus, Leon P. Ferreira, William Fiedling, Felix Farrell, Dale Giberson, and Edward Theis.

CLEVELAND MECCA FOR KIWANIS CLUBS

Eight Thousand Delegates Will Assemble There for Sixth International Convention.

CLEVELAND O.—Public parks of Cleveland will present the appearance of tented cities during the sixth International Kiwanis club convention here the week of June 20.

Several hundred delegates have arranged to camp in tents during convention week, preferring the pleasures of outdoor life to the conveniences of modern-day hotels. There will be a total of 8,000 delegates and visitors here for the Kiwanis convention, which will be one of the biggest gatherings of professional and business men ever held.

Among Kiwanis clubs which have arranged for camps is the Canton, O., club. It has arranged for 150 tents to be erected in Lakewood park. A big dining tent will also be erected, with kitchen chefs in charge of Thomas Hart, who had charge of kithen arrangements for the second national convention of the American Legion here last fall.

Another large tent will be used for auditorium purposes, the Canton club aranging for a nightly entertainment program. The Canton delegates will drive here in automobiles.

Thirty-two boys, belonging to the Grand Rapids News Boys band, who also will drive in automobiles to Cleveland to take part in the convention entertainment program, also will camp in tents in one of the city parks. They, too, will have their ow kitchen chefs.

Several other clubs are planning to join together in another convention camping party.

Special convention trains, thus far scheduled, will leave Philadelphia the night of June 20; St. Louis, June 21; Chattanooga, June 20; Cincinnati, June 21, Fort Worth, Tex., June 18; El Reno, Enid and Wichita, Kan., June 18; Topeka, Kansas City and Rock Island, June 19; Chicago, June 20; special boats will leave Duluth, June 15; Chicago June 18; Buffalo and Detroit, June 20 and 21.

RECEIVES SITTING BULL'S PEACE PIPE

Relic Has Lately Been Presented to uState Historical Society of South Dakota.

Aberdeen, S. D.—The famous old pipe of peace of the Indian chief, Sitting Bull, has lately been presented to the state historical society by H. C. Pryor, of the Aberdeen Normal school.

On the stem of the relic burned or inked into the wood is the autograph of the warrior. The bowl of the pipe is of pink sandstone from the quarries at Pipestone, Minn. The stem is about 20 inches long and is of ash wood. The pipe was traded to Mr. Pryor's father I. D. Pryor, now a resident of Los Angeles, by Sitting Bull at Camp Crook in 1887 for a blanket.

"There was some argument, I believe about the autograph," explained Mr. Pryor. "The old chief thought he should have extra compensation besides the blanket for it. It seems that his name was about the only thing Sitting Bull could write in English and he was very proud of it.

"The story goes that Sitting Bull had just been released from prison at Ft. Randall and was making his way northward to the reservation. Always ready to pick up a few dollars, he stopped off at Pierre, S. D. and started a flourishing business selling his autographed cards at $1 each. Someone induced him to step into the telepragh office there and write his name on a number of harmless looking message blanks. The Indian's anger rose to white heat when he discovered that carbon had been inserted between several sheets under the one on which he wrote."

Doane Robinson, South Dakota state historian, says numerous pipes reputed to have been the "pipe of peace" of Sitting Bull have been offered for sale, but he is obliged to believe that the one which Mr. Pryor has just represented to the state is the genuine one. The autograph on the pipe is exactly the same as appears on the cards the chief sold in Pierre, it is said.

PRESIDENT OF MOTOR COMPANY TESTIFIES

(By The Associated Press)

EAST ST. LOUIS, Ill., June 1.—At court sessions which lasted until late tonight, George L. Moore, president of the defunct Moore Motor Vehicle company, formerly of Danville, Ill., testified in the trial of six officials of the company including himself, charged with using the mails to defraud.

Moore reiterated previous statements that in 1917, when automobiles were being produced and sold and the production schedule called for turning out 125 cars a week, his weekly salary as president of the company was but $35. Edward K. Gallagher, secretary of the company, and Albert C. Leonard, manager, received only $20 per week each, Moore said. Gallagher and Leonard gave similar testimony.

WRITER OF CRIME STORIES UNDER ARREST

(By The Associated Press)

MILWAUKEE, Wis., June1.—Charles F. Beale, self-confessed crime psychologist, forger, short story writer of crime, highly educated and a member of a prominent New York family who has traveled under alias was under arrest today as a forger awaiting return to San Quentin prison in California for seven years.

Beale was arrested when the manager of an insurance company found he had forged an application for insurance and a check for $120 as the first premium payment.

Detectives say Beale left New York for the coast leaving a trail of spurious cheks across the country.

FINDS CONDITIONS BAD AT FLYING FIELD

Washington, June 1.—Investigation of conditions in the air mail service has shown that at Checkerboard Flying Field, Chicago, there has been "considerable incompetency in connection with the service and drunkenness and disgraceful conduct on and off the field," the postoffice department announced tonight.

The announcement referred to the removal of officers there previously made public.

Mrs. Laurence E. Milligan, daughter, Miss Josephine and two sons left last night for Colorodo Springs to spend the summer months. They expect to return to Jacksonville next fall.

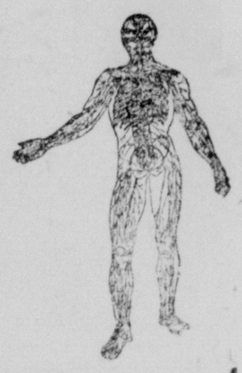
Nerves and Health

THE net work of nerves which carries the normal flow of life-giving energy to every organ and tissue is responsible for the health of the body. These nerves are distributed through the spinal column.

If through accidents, blows, strains or unnatural curvature the moveable bones of the spine become slightly displaced, they press on the nerves and obstruct the free passage of the health-giving currents. The organs or tissues fed by the obstructed nerves naturally become weakened and diseased. Pressure on the nerves leading to the stomach, for instance, is often the cause of stomach trouble.



CHIROPRACTIC

by a method of scientific adjustment corrects these spinal defects, relieves the pressure on the nerves and removes the cause of disease. With normal conditions restored, the life-giving currents have full power to repair and strengthen, and health results in a natural way, without the use of drugs or surgery. No matter what the ailment, experience proves that it can be relieved through Chiropractic (KI-RO-PRAK-TIC) adjustments of certain parts of the spine.

The sick should not be discouraged, ever though they have sought relief for years and tried every known method of health.

CHIROPRACTIC THE BETTER WAY TO HEALTH

has done wonders in bringing relief in long standing and obstinate cases. Investigate and learn what Chiropractic has done and is doing for others, and what it can do for you.

MISS MOXON BRIDE OF CLYDE OWINGS

Well Known People Are Wed Wednesday Evening — Ceremony Said at Home of Bride's Parents.

Miss Mary Moxon became the bride of Mr. Clyde Owings at a pretty home wedding at the home of the bride's parents, 1034 South Clay avenue, Wednesday evening.

The ceremony was said at 8 o'clock by the Rev. Myron L. Pontius, pastor of Central Christian church, the beautiful ring service being used.

The Moxon home was tastefully decorated for the occassion the color scheme being pink and white. Preceding the ceremony a musical program was given as follows:

Solo, "O Perfect Day"—Mrs. W. G. Munson.

Solo, "At Dawning" — Miss Delilah Christe.

"Wedding March," from Mendelssohn, played by Miss Mary McMillan.

During the ceremony Mrs. W. G. Munson sang "O Promise Me" very softly following which Miss Delilah Christe sang "I Love You Truly.'

Then followed the introductions and congratulations.

The bride wore a gown of georgette over white silk. She carried a bouquet of bride's roses and wore a bride's veil which was held back with diamond clasps. Her only jewelry was a diamond lavalliere, a gift of the groom.

Miss Pearl Moxon, sister of the bride, was the bridesmaid, and she wore a salmon colored organdy gown and carried a bouquet of white roses.

Little Mary Mildred Matthews, acted as the ring bearer.

The groomsman was Mr. Lewis Boddy.

Following the ceremony a wedding supper was served. In the cutting of the cake the thimble went to Mrs. Ford Matthews; the dime to Miss Helen Frost, and the ring to Miss Mary McMillion.

The couple left last night for a wedding trip to parts unknown. They will be at home June 15 at 1160 South East street.

The bride is the daughter of Mr. and Mrs. J. P. Moxon, 1024 South Clay avenue. She graduated from the Jacksonville high school in 1915 and from the Illinois Woman's College in 1919. She taught school in Tallula and New Berlin since her graduation from college. She is a young lady of much charm and personality and a host of friends bid her God-speed.

Mr. Owings came to Jacksonville from Chapin four years ago and has made good as an employe in the office of the Jacksonville Railway and Light Company. During the war he was in service and stationed at Camp Dix.

Among the out of town guests were:

From Tallula, Mr. and Mrs. Ford Matthews and daughter, Mary Mildred; Miss Helen Sowers, Miss Delilah Christe and Loren Shafer. From New Berlin, Dr. and Mrs. J. C. McMillion and daughter, Mary:; Mr. and Mrs. W. E. Munson, Miss Claire Crawford, Miss Marie Hanziker, Miss Liza Coons, Roland Hatfield and Harry Kumle. MISSION CIRCLE OF LITERBERRY MEETS

Women of Baptist Church Met at Home of Mrs. Warren Daniels Recently — Other Literberry News.

Literberry, May 31.—The Mission Circle of the Baptist church met at Sunshine Cottage Friday afternoon. 8 members were present. Mrs. Warren Daniels had charge of the meeting. Mrs. John Daniels read part of 27th chapter of Matthew. The singing was led by Mrs. John Daniels who played the accompaniment on the organ; prayer by Mrs. Gray and Mrs. Liter. After a short business session there were readings by Mrs. Brown, Mrs. J. A. Liter and Mrs. Guy. Mrs. Brown's subject was "The Book of Remembrance for 1921" from Missions. Mrs. Liter's subject was "A Christmas Day in Swatow, China." A good reading. Mrs. Guy gave "The Beauties and Benefits Following the Resurrection." Mrs. D. K. McCarthy talked on "The Present Day China." James Robert Beavers told us of California, as he saw it and enjoyed it during his recent visit there. It has been suggested by an interested member that a missionary motto be sent to the secretary to be recorded on the motto page. These mottoes are to be chosen from the Bible and each member is requested to send in one. Refreshments were served during the afternoon. There was a good offering, and the meeting closed. The June meeting will be held at "The Zephyrs," with Mrs. C. A. Beavers, hostess.

John Daniels and family and Arthur Liter and family drove their Chevrolet car to Barry Sunday and spent the day with the Beavers relatives. They reached home that night at 9:30, making good time and reporting a splendid visit.

Mr. and Mrs. J. E. Underbrink of Inglenook, East Capital street, entertained at a family dinner Sunday. Those from a distance were Dr. and Mrs. Griffin from Missouri and Mr. and Mrs. Ed Liter from Jacksonville.

Mr. and Mrs. Samuel Dinwiddie were callers at "Crum Villa" on Thursday afternoon.

Raymond Braner of "Beulah Land Farm" was driving on our streets Monday evening.

Mrs. Durrell Crum will entertain the Baptist Aid with a special program Wednesday afternoon, Thursday, the regular day, being the day set for the June supper at the Christian church.

Mr. and Mrs. Fred Conover and children of Beardstown are the guests of W. W. Young and wife for a few days.

Uncle Jackson eHnderson remains about the same, being very weak and poorly.

Roy Conover and family entertained Sunday, Mr. and Mrs. Willard Young and children and Mr. and Mrs. Fred Conover and children.

Mr. and Mrs. Wall Mason and children were callers at Harmany Cottage one afternoon last week.

Jesse Liter and Dot McFarland have taken a job of painting from Albert Crum, which will take several days to finish.

Word has been received from Sabetha, Kansas of the death of Mrs. H. H. Hazell, a sister of D. K. McCarty. Death was on the 21st of May.

A good many of our people attended the memorial strewing of flowers on the graves at Arcadia cemetery Monday afternoon.

Mr. and rMs. Newton Braner of Virginia visited relatives here Sunday.

WANTED TO HOLD HIM

A traveling man new to the territory asked a citizen of Springfield yesterday morning how long it would take him to make a short visit in Jacksonville and get to Peoria and the man told him he would have to travel back to Springfield and not reach Peoria till the next day. The man came down and was much pleased on his arrival on the fast mail at half past twelve, to learn he could stay here two or three hours and get to Peoria last evening Some remarks he made about his Springfield informant were not wholly complimentary.

William Hurst of Chicago is visiting his father, James Hurst and brother, James Hurst of this city.

Give Mr. Edison an Idea

NO ONE questions the power of good music to relax tense nerves and allay fatigue.

Edison spent three million dollars in research work to develop an instrument, which would RE-CREATE all forms of music, with absolute realism, and thus provide an instrumentality, by which the true beauties and full benefits of music can be brought into every home.

Edison wants a phrase of four or five words, which will distinguish this new invention from ordinary talking-machines. He offers $10,000 in prizes for the best ideas. Bring or mail the coupon and get a folder, that gives full particulars and instructions.

Three Days of Music Free

If you do not own one of Edison's new instruments, we shall gladly lend you one for three days, in order that you may experiment with it in your own home and learn what music will do for you. This experience may make it easier for you to win a prize.

Act quickly, as the number of instruments, which we can lend, is limited. Bring or mail the coupon. You assume no expense and no obligation.

Have you a daughter Graduating this June?
You promised her a gift. Make it a New Edison, —and delight her heart with music.

NEWS OF THE SPORT WORLD

DAWSON WILL PLAY INDEES NEXT SUNDAY

Fast Team to Be Seen in Action Here—Have Several Players Well Known to Local Fans—Sims Asks for Release.

Next Sunday the fast Legion team of Dawson will engage the Indees at South Side park. The Dawson team appeared here last season and gave the Indees a run for their money.

The team is practically the same as a year ago with Federlan on first, Boggs pitching and Feddie catching. The locals will have to show their best wares to beat this aggregation.

Pitcher Sims has asked Manager Smith for his release and it has been granted. Sims at times showed flashes of the form that made him for several years one of the best pitchers in this part of the state. However, he has never been able to get his arm in shape and it hurt him constantly, thus preventing him from showing his true form. The fans regret that Sims has been unable to get into shape again as he is one of the most popular players that ever wore a local uniform.

All members of the Indees are notified to report at South Side park Friday evening for practice. The game Sunday will be called at 3 o'clock.

NEW YORK TAKES DOUBLE HEADER

New York, June 1.—New York closed the long home stand today by defeating Philadelphia in both sessions of a double-header, the Giants winning 9 to 2 and 8 to 3. Kelly hit his ninth home run of the season in the fifth game, tying Meusel for the league leadership. Bancroft hit a home run, triple, double and single in four times up in the second game, but fanned on the bench from the exertion of hitting the home run.

SUZANNE LENGLEN PLAYS WITH KING

NICE. — (By The Associated Press)—King Gustave of Sweden who had been wintering here, just previous to his departure for Stockholm to resume his kingly duties, expressed a desire to play one last game of tennis with Miss Suzanne Lenglen, world's woman champion, as a partner against ex-King Manuel of Portugal paired with Mrs. Satterwaite, the celebrated English expert. The King is not as young as he used to be and it was only thru the overwhelming superiority of Miss Lenglen that the game went to the present ruler against the ex-King.

Miss Lenglen who will shortly meet several of the best American players explained to the kings, that she learned tennis at the age of ten at Compiegne, in Picardy, where her father was a landscape gardener. The tennis court was drawn up like a checker board in squares of about three feet across and the child practiced placing the ball into any square that might be called off by her father.

Then this became too easy and Mr. Lenglen, tying a small stone in the corner of a handkerchief, used to throw it at various spots, near the net or extreme left or right hand corners and Miss Lenglen was asked to place the ball as near to the handkerchief as possible. This is how she acquired her wonderful control for placing the ball, she explained.

When she was 12 years old she won the championship of Picardy against all comers, some of her opponents being old enough to be her mother and were playing tennis before she was born.

WILL ENTER NATIONAL MEET

Chicago—(By A. P.)—Purdue, Notre Dame and the Michigan Aggies are the latest colleges to signify their intention of entering the national intercollegiate track and field meet to be held here June 8.

Nore Dame will enter one of the strongest teams in its history, including Gus Desch, world champion distance hurdler, Chet Wynne, high hurdler; Bill Hayes, dash man; Johnny Murphy, higher jumper and Captain Kasper in the half mile.

Purdue plans to enter Watson in the 440 yard dash, Harrison in the mile run, Furnas in the two mile run, Miller in the javelin throw, Pence in the high jump and Whitmer and Teal in the pole vault.

The Michigan Aggie entries have not definitely been decided on, but probably will include Captain Ernst, 440-yard dash man; Thurston, Adolph and Brendel in the distance runs and Fessenden in the weight events.

GOES TO CHICAGO

Barney Greenfield, son of Mr. and Mrs. Harry Greenfield of North Prairie street has gone to Chicago where he will enter the employ of the Novelty Shoe House, which is owned by his uncle. Mr. Greenfield will no doubt make a valuable addition to the firm's force of employes.

TENNIS PLAYERS SHOW FEELING

Mrs. Mallory American Player and Mlle. Lenglen French Champion Never Speak as They Pass By.

(By The Associated Press)

ST. CLOUD, France, June 1.—The defeat today of Madame Vaussard by Mrs. Molla Bjurstedt Mallory in straight sets was the sensation of the fifth day's play in the world hard court tennis championship tournament.

When the American player disposed of M. Vaussard, ranked in France as the third best woman tennis player, after Mlle. Lenglen and Mme. Golding, numerous Frenchmen are declared to havve asked the question whether the wagrs they have been laying on Mlle. Lenglen's chances against Mrs Mallory were likely to prove a good investment.

A match in the singles championship between Mrs. Mallory and Mlle. Lenglen now seems virtually assured.

The French and the American champions never speak to one another as they pass. Mlle. Lenglen has shown some asperity in speaking of Mrs. Mallory during the game. Only today during the Mallory-Vaussard match Mlle. Lenglen declared she would win from the American woman 6-0, 6-0.

William T. Tilden, the American champion today defeated M. Rodzianko of Russia 6-3, 6-0, and advanced to the semi-finals in which tomorrow he will meet Nicholas Mishu of Roumania, who today won from M. Paulin of France. Mrs. Mallory also has reached the semi-finals. Tilden and Arnold Jones are still in the men's doubles and Jones and Miss Edith Sigourney in the mixed doubles.

The playing today of Mrs. Mallory was a revelation to the spectators who have been attending the matches regularly since the games commenced and have watched her winning with great difficulty over players classed as second raters.

She showed the best tennis exhibited by a woman during the tournament with the exception of that of Mlle. Lenglen, the French champion.

JACK DEMPSEY IS GOOD MARKSMAN

Outshoots Mike Trent With Revolvers Wednesday — Rest of Work Consists in Loafing.

ATLANTIC CITY, N. J., June 1.—Jack Dempsey, heavyweight champion, claimed a new title today after engaging in a shooting contest with "Mike" Trant, Chicago detective sergeant to break he monotony of he second day of his four day lay-off.

Armed with a pair of 44-caliber revolvers Dempsey and Trant staged the shooting contest before breakfast. They stationed hemselves under a window and without a word of warning opened up. The firing brought all occupants of the house to see what was going on.

Dempsey proved a good marksman with the revolver as he shattered an eathbowl with the third shot, breaking the target from a distance of one hundred yards. After the shooting contest, Dempsey laid around the house, playing a phonograph, talking and reading. He laugher at reports that he was studying French so he could confuse Carpentier when they got into action at Jersey City, July 2.

"That's the bunk,' Dempsey said. "I will be so busy I won't have any time to talk. A good stiff punch means the same in any language."

Martin Burke, the New Orleans heavyweight returned today bringing a new head guard to protect a badly swollen cauliflower ear from further damage..

Dempsey remarked:

"Martin, I think you'll need it."

PHILADELPHIA TAKES TWO FROM BOSTON

Philadelphia, May 1.—Philadelphia obtained an even break in the six game series by winning today's second game 3 to 2, after losing the first six to three. CARPENTIER SHOWS DAZZLING SPEED

Challenger in Fast Workout at Camp Wednesday — Shows Good and Accurate Punching.

Manhassett, N. Y., June 1.—A right hand that worked like a piston, a shiftiness dazzling in speed and a smile typical only of Georges Carpentier—these were exhibited today at the training camp of Jack Dempsey's challenger. After spending a large part of the morning on the road and in the gymnasium, Georges ate a light lunch and appeared for work again at 3 o'clock. First came the slow but hard hitting Joe Jeanette, for two rounds. This workout was good but it faded into insignificance after that which followed.

Jack Goldberg of Panama, a welterweight, was the star sparring partner performer. He stepped into the ring and proceeded to give the challenger the best workout he has had on this side of the water.

They worked fast and Carpentier for the first time displayed the remarkable speed he has held in leash since beginning training. Around the ring he danced quick as a flash, working his punches accurately and in rapid succession.

Over went his left, then a swift right and he was out again. He attempted to check his blows so as not to hurt his clever opponent but on one occasion his right caught Goldberg on the jaw and he fell to Carpentier's shoulder. Begging his pardon many times Georges held him until he could recuperate. Goldberg recovered quickly and they were at it faster than erer. When the two rounds were over Georges patted Goldberg on the shoulders, laughed and said:

"Fine, that's good; the best I've had.'

It's the Healthy, Vigorous Man Who Gets Ahead in Life

In these days of keen competition the man who gets run down through impure blood quickly falls behind as healthy, vigorous rivals who comply with nature's laws and keep their blood supply rich and in urishing.

Good blood is the foundation of all health. When your blood is poor you are dull, weak, slow and pale,—your brain can't work effectively. But how you glow with health when your blood is rich and strong! How vigorously you work! How your hairy sparkle with winning magnetism!

Don't despair if others are forging ahead of you. A good alterative that will cleanse your blood of the progress-checking poisonous matter will set you well on the road to advancement. S.S.S., the famous old vegetable remedy, has been doing that very thing for fifty years.

Get some S.S.S. today—right now! Every druggist has it. Begin taking it at once, and then write us a complete outline of your condition. We will gladly give you free medical advice suited to your individual case. Address Chief Medical Advisor, 872 Swift Laboratory, Atlanta, Georgia.

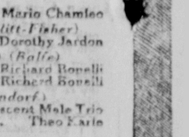
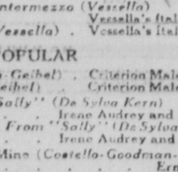
Goodbye Punctures



This is the reason why. Convolutions make the circumference of a Compression Inner Tube greater than the inner circumference of a casing. When air pressure is applied the tube comes out round (Cut 2) and is compressed, hence puncture proof. This is a guaranteed fact. Tulsa "ROAD-PROOF" Casings are now selling at a 20% discount. This means that you can buy a hand-made casing with an added extra mileage guarantee for the same money that others are selling less serviceable casings.



Hot weather means tire trouble. Why not solve the problem now with Compression Inner Tubes?

D., 1921, at the office of their engineers, 504 Ayers Bank Building, Jacksonville, Illinois, at which time and place they will be publicly opened for the construction of one new bridge and the removal and replacement of two old bridges across Indian Creek in the vicinity of Arenzville, Illinois.

The new bridge is to consist of one eighty (80) foot span with two fifteen (15) foot approaches, the roadway to be fourteen (14) feet in the clear. The first bridge to be removed is an eighty (80) foot bow string arch situated just south of the Village of Arenzville and is to be removed about one-half mile east of its present location to a point across the new channel. The second bridge to be removed and replaced is an eighty (80) foot high truss, pin span to be removed and replaced on the present structure for the purpose of allowing the dredge boat to pass through.

Bids shall be made on the proposal blanks which will be furnished by the engineers. Complete plans and specifications for said work may be seen at the office of the engineers at the above address. Each bidder must accompany his bid with a certified check of ten per cent (10%) of the amount of the bid, the same to be forfeited in case the work is awarded to the drawer and he shall fail to execute contracts and file bonds as required.

Payment for the work will be made in cash for eighty-five per cent (85%) of the work completed each month, the final fifteen (15%) per cent to be paid upon the engineer's final estimate. Bond in the sum of fifty (50%) per cent of the contract price will be required for the faithful performance of duty. The right is reserved to reject any and all bids.

Daily Market Report

WHEAT MARKET TAKES BIG JUMP

By Associated Press.
CHICAGO, June 1.—Wheat for future delivery jumped up nine cents a bushel today. July contracts reached the highest price yet this season $1.37. Big cuts in the estimated yield of 1921 harvest of winter wheat supplied much of the impetus that hoisted values. The market closed strong with July at $1.37 to $1.37¼ up 8¼ to 8½, compared with yesterday's finish. Corn gained 1⅞ to 2¼, oats 1⅛ to 1½ and provisions 2½ to 30 cents.

Estimates made public by one of the best known experts in the country put the winter wheat yield at probaly 599,000,000 bushels, a falling off of 20,000,000 bushels from the total which on May 1 was the indicated outcome. Notable absence of selling pressure greatly facilitated the rapid price-upturn which came with the circulation of the crop estimate. Another circumstance that favored the bulls was the fact that altho harvesting has begun as far north as Oklahoma hedging in volume had apparently still been withheld, whereas export buying for deferred shipment was a tightening influence on values.

Meanwhile brokers who are accustomed to act for eastern millers led the demand today and gossip was current that Germany and France were also purchasing to a greater or less extent. The session ended without any setback in prices except as a result of profit-taking on the part of holders.

Corn and oats developed strength with wheat.

Besides smaller receipts of corn were looked for as well as larger shipments from here east.

Firmness of hog values helped to strengthen provisions.

SPECULATIVE ISSUES RECORDED LOSSES

By Associated Press.
NEW YORK, June 1.—Shares of recognized value were relatively steady in the stock market today but speculative issues recorded additional losses.

Increased depression in essential industries, notably the steel and motor, was marked by further curtailment of operations, lower price schedules and more readjustment of dividends.

In the list as a whole, gains and losses were confusingly mixed at the irregular sales amounting to 575,000 shares.

The transportation stocks derived little or no benefit from the cut in wages ordered by the railroad labor board.

Fluctuations in the money market follows the recent set-course, call oans opening at seven per cent and rising to 7½ in response to the usual belated demand.

The foreign exchange market was strong.

FORMER RESIDENT DIES IN CINCINNATI

Word has been received here of the death of Mrs. Anna Steinmetz, which occurred at the family home in Cincinnati, Ohio, at 4:15 o'clock Monday afternoon. The message was received by Mrs. E. O. Mayer here. Death came as the result of an attack of pleurisy following a fall, the final illness extending over only a brief period. The deceased was a resident of Jacksonville a number of years since, when the family home was on West Lafayette avenue. Later the family removed to California and several years ago returned to Ohio, their former home.

A number of local people knew Mrs. Steinmetz well and will be sorry to know of her death.

CIRCUIT COURT IS AGAIN IN SESSION

Action Taken to Vest Title to Patrick Cunningham Property in Country—School District Case Going to Supreme Court—Docket Entries.

Sessions of the Morgan county circuit court opened yesterday with Judge Norman L. Jones presiding. A number of orders were entered. One of the most interesting matters given attenion was with reference to the estate of Patrick Cunningham. In this proceeding the court issued an order returnable at the first day of the next term, requiring Orbie and Edna Proctor to show cause why the title of the property should not be vested in Morgan county.

This is the estate in which the owner died several years ago without heirs. The estae came into the Morgan county probate court and yesterday the final report was approved and Fred B. Henderson, public administrator, was discharged. This report indicates that there are no heirs and that the balance of $3,290,26 of the funds handled by Fred B. Henderson as public administrator has been paid into the hands of he county treasurer.

The estate also includes certain residence property on Clay avenue. In the circuit court some time since State's Attorney Robinson acting in behalf of the people instituted the proceedings whereby it is the expectation that the tile to the property will pass to Morgan county.

Another case of more than usual interest was that of the people vs. A. E. Ritscher et al., which involves the boundaries of a certain school district near Meredosia. Leave was granted to file additional information, and after this was filed motion was made by the respondent to set aside the leave for the filing of information.

The relators excepted and judgment was entered against the relators for costs. An appeal in the case was taken to the supreme court, bond being fixed in the sum of $200. Other court orders were as follows:

Common Law.

The Grain & Supply company of Neelyville vs. James E. Bennett & Co., assumpsit. Motion by plaintiff to withdraw second and third special replications. Cross motion by defendant for entry of judgment in bar.

Jacob DeOrnellas vs. Avery Co., assumpsit. Demurrer sustained to special coent. Plaintiff elects to stand by said count. Leave granted plaintiff to file an additional special count.

Chancery Orders.

Owen Roley et al. vs. Mary Kroeger et al., partition. Leave granted complainant to amend all pleadings and orders by correctly spelling the name of the defendant, Mary Kroeger. Amendments made. Written entry of appearance of Robert Mellor filed. Order of reference set aside. Rule on all adult defendants to answer bill as amended instanter. All adult defendants called and make default. Cause referred to master.

Minnie Scott Taylor et al. vs. Lizzie Campbell, partition. Leave granted plaintiff to amend bill to conform with proofs taken before master. Amendments filed. Master's report filed and approved.

Wiley Todd vs. Stephen Laws et al., bill to quiet title. Proof of publication and mailing notices made and approved. D. J. Staley appointed guardian ad litem for all defendants under legal disability. Rule on all defendants not under legal disability to answer instanter. All defendants not under legal disability called and make default. Cause referred to master.

John M. H. Werries vs. John C. Wadsworth et al., bill to quiet title. Master's report of evidence and conclusion filed and approved. Decree quieting title and confirming title rendered, approved and file. Cause stricken.

John Anderson vs. John Frank et al., bill to foreclose mortgage. Master's report of evidence and conclusions filed and approved. Decree of foreclosure and sale and for appointment of receiver rendered, approved and filed. Bond of receiver approved and filed and ordered to be recorded.

William G. Goebel vs. Elbert E. Henry et al., bill. Leave granted plaintiff to amend summons. Same amended.

PICNIC OF STATE STREET SUNDAY SCHOOL

For some time past there has been a spirited contest between the Reds and the Blues in State Street Sunday school, the terms being that the losers should treat the school to a picnic. The Blues lost and accordingly they prepared to stand treat according to the terms of the agreement. Yesterday evening at 5 o'clock automobiles drew up at the church and a merry party of officers, teachers and pupils loaded into them and soon were landed at Nichols park where all proceeded to have a good time. Games and all sorts of pastimes were enjoyed and in due season all gathered about a lot of baskets containing an abundance of good things and all ate till satisfied. A very happy time was enjoyed by every one present and all declared they hoped another contest would follow soon.

Following the program a social time was enjoyed by everyone and refreshments were served.

The plate offering amounted to $18.50.

The July meeting will be held at the home of Rev. and Mrs. Bracewell.

Engagement of Prominent Young People Made Known.

At a charming afternoon tea given yesterday by Mrs. T. P. Carter at her home on Lincoln avenue, the engagement of her daughter, Miss Catharine Carter to Mr. Edgar Decker of St. Louis, was made known.

About thirty five friends were invited to this affair and during the afternoon a dainty luncheon was served. It was not until late in the afternoon that the secret was made known when each guest received a tiny bag filled with rice and tied with a dainty ribbon. Little hearts on the ends of the ribon bore the initials C. DeM. C., and E. A. D., and the date September, 1921.

Miss Carter is the daughter of Mr. and Mrs. T. P. Carter of Lincoln avenue, and belongs to one of Jacksonville's oldest families. She is a graduate of the Jacksonville high school and graduated from Illinois College in 1920. While in college she was prominent in school activities and was a member of Sigma Phi Epsilon society. She is a young lady of particular charm and has made many friends both here in Jacksonville and in Roodhouse where she has taught during the past year.

Mr. Decker is the son of Mrs. J. M. Decker of St. Louis and was a student at Illinois College in 1916-17. While in college he was a member of Phi Alpha. In 1919 he enlisted in the marine corps and was in the service till the close of the war. He is now a student at the Washington University in S. Louis, in the department of chemical engineering. Mr. Decker is a man of genuine worth and ability and the many Jacksonville people who count him as a friend feel that he will be worthy of his bride.

WHEAT HARVEST WILL BE EARLY

The prospects are for an unusually early wheat harvest, and some farmers predict that binders will be in the field by June 15. The long period of unusually hot weather for May has caused the grain to ripen rapidly and the crop is now as far advanced as it is sometimes by the 15th or 20th of June. Ordinarily July 4 is accounted as about the peak of the wheat cutting season hereabout, but the chances are now that every field of Morgan county wheat will be in the shock by that time. Only a period of very cool weather could change these conditions.

CAR INJURED IN COLLISION

Robert J. Biernbaum's automobile was considerably damaged in an automobile accident on West Morgan street Wednesday. Mr. Biernbaum was seated in his car in front of the Biernbaum & Moore cafe. A colored lad stopped behind him in a Ford car and when he started again, made a miscalculation and crashed into the Biernbaum machine.

The gasoline tank and tail light on Mr. Biernbaum's car were smashed and some other damage was done. The loss is covered by insurance.

PROMINENT RESIDENT OF WINCHESTFR DIES

Death of Robert Mason Came Wednesday Morning at Canton Hospital—Was One of Best Known Residents of Community Other Winchester Notes.

Winchester, June 1—The community was greatly saddened when word was received early Wednesday morning telling of the death of Robert Mason, who passed away at 10:15 o'clock Wednesday morning in the hospital at Canton where he was taken Saturday morning. It was realized from the first that Mr. Mason's condition was serious, but hopes were entertained for his ultimate recovery. Mr. Mason sustained a broken leg as the result of a fall from a step-ladder at his home here Friday morning. This with other injuries made his condition grave and he was removed to the Canton hospital as already indicated, and where his death occurred Wednesday morning.

Decedent was born and grew to manhood on a farm five miles southeast of Winchester. He was a son of the late Charles and Alberta Mason, and was the second oldest of eight children, of whom only two now survive.

Years ago Mr. Mason was united in marriage to Miss Mary Owings, who survives him. Next Thanksgiving Mr. and Mrs. Mason would have celebrated their fifty-third wedding anniversary. Two sons also survive, Luther Mason of Peoria and Elmer Mason of Canton. There are also two sisers surviving, Mrs. Fannie Argust and Miss Lizzie Mason, both of Winchester.

Mr. Mason was a faithful member of the Methodist church. He was also a member of the local G. A. R., post and was the flag bearer for a great many years. He was a man of fine character and was highly respected by all who knew him, ever maintaining an active interest in all the affairs of life. There are scores in the community who can testify to the fact.

Mrs Mason and son Elmer will arrive on an early train Thursday morning, and Luther Mason will accompany the remains from Canton on the afternoon train. No arrangements have yet been made for the funeral. The members of he family have the deep sympathy of their many friends in their hour of sorrow.

News Notes.

William G. Watt was taken to Clinton Wednesday night suffering from appendicitis. He was accompanied by his wife, Claude Thomas and Dr. William O'Reilly. The many local friends of the sick man hope for early favorable news from him.

Chester Lathrop arrived in Winchester Monday from Chicago for a brief business visit, returing Tuesday.

Mrs. Carl Harslip and two children left Tuesday afternoon for St. Louis and from there will go to their home in Pittsburg, Pa. They have enjoyed a visit here with their aunt and uncle, Mr. and Mrs. Henry Herring.

The Epworth League of the Methodist church will give an ice cream social on the church lawn next Wednesday evening, June 8.

TAKES MRS. DUNCAN TO JOLIET PRISON

Deputy Sheriff John Roach took Mrs. Laura Duncan to Joliet penitentiary Monday morning at 6:41. They were accompanied by Mrs. Duncan's mother, Mrs. Bateman.

Mrs. Duncan left with the same independent and self confident manner that was characteristic of her during her trial. Mr. Roach and Mrs. Bateman are expected to return today.

FEW FIRES IN MAY

May was a very quiet month for the Jacksonville fire department, only three runs were made and one of those was a false alarm.

A run was made to the Centenary church on May 10 but that was a false alarm. May 23 a house on East Wolcott street was considerably damaged, and the last run of the month was a tar kettle two blocks from the station.

THE SHAFERS LEAVE FOR THE SUMMER
